Lack of matches January to June if you choose not to fish the two series on pools.

Members commented at the Tibberton match of the lack of matches Jan. to June if you choose not to fish the pools. For decades we have only fished the two Aggregate matches in this period, that's why we started fishing the commercials during the river close season.

This meeting discussed holding a Canal series in 2020 during the months of April to May, to be finalized at the September 2019 meeting.

Society Insurance Policy

We have considered whether the current cover is competitive. The "Angling Trust" (the voice of angling) offers free Insurance for affiliated clubs and other benefits like free legal advice etc. The insurance is specific to angling clubs and joining represents a cost saving for the Society. The Treasurer is making further inquiries.
